A Note from Johnny...

As massive Hurricane Harvey hit the Texas coast and moved its way upward into several states, millions of people were affected and thousands suffered major damage.

How refreshing to see hundreds of people show up, quickly helping with rescue and recovery throughout the Houston area.

This was a big change from what we have seen and heard through the media concerning the hearts of our people. Overall, the people who make up this great nation are kind, respectful people who really care for others, regardless of race or socio-economic backgrounds. As we recover from this tragedy it is good to see the loving hearts of Americans.

Something else moves my heart during times like these; knowing our Baptist Convention is one of the leaders in the clean-up through our Disaster Relief work.

If you would like to help in the relief effort you may send money to the Alabama Baptist Disaster Relief fund through FBC. We will make sure the resources get where they need to go to help.

You will also notice in the First Things other ways to help people in the Houston area. We will share more opportunities on how you can help as we learn more about the needs.

Let's continue to pray for the people in the Houston area as they recover and rebuild.

Disaster hits. It is not "if" but "when." Disasters such as hurricanes like Harvey and other forms of natural disaster happen. The Myers-Mallory State Mission offering is a way you can give to help in times of disaster. A portion of your offering goes to Disaster Relief, church plants, and other mission needs in Alabama.

I want to encourage you to give so we might help share the Gospel with those with whom we have an opportunity.

We hope to see you Sunday night as we listen to some wonderful music from our Handbell choir. They have worked long and hard for this time of worship.

2017-2018 Church Budget - you will have an opportunity to ask questions concerning the this year's budget Sunday night during the Evening Worship.

Let's worship!

Bro. Johnny
